Pancha Bhootas, Pure Souls and divine will

Reflections on Swasthi Kala Vaibhava '2026

In this special issue

Dear Swasthi Family, Friends, and Well-Wishers,

Reflecting upon the culmination of Swasthi Kala Vaibhava '26, held on August 28th at the Kondajji Basappa Auditorium, my heart overflows with quiet reverence, joy, and deep spiritual fulfillment.

The thought that I orchestrated this grand gathering has never crossed my mind. In truth, a power far beyond mortal measure—divine will weaving silently through Nature—brought this endeavor to fruition. I was merely a humble instrument (*nimitta-mātram*) in service to these immaculate souls.

The presence of our extraordinary children revealed a transformative meditation unlike any other. Their unclouded joy, expressive grace, and pure spirit sanctified the auditorium around the sacred theme of the Pancha Bhootas—Space, Air, Fire, Water, and Earth. Ancient Vedic wisdom in the *Taittiriya Upanishad* reminds us:

"Tasmādvā etasmādātmana ākāśaḥ saṁbhūtaḥ…"

From the Supreme Self emerged Space, from Space arose Air, from Air Fire, from Fire Water, and from Water Earth.

When selfless hearts unite in Seva, the elemental forces of Creation conspire to manifest what once seemed impossible. This devotion recalls the humble squirrel in the *Ramayana*—rolling in the dust to carry modest grains of sand for Lord Rama's bridge. Though tiny in measure, that heartfelt service was lovingly received and exalted by the Divine, proving that no sincere effort is ever small. Here, Sri Krishna's counsel in the *Bhagavad Gita* resonates with luminous clarity:

karmaṇy-evādhikāras te mā phaleṣu kadācana

"Your right is to action alone, never to its fruits." (2.47)

This mirrors Bhagavan Sri Ramana Maharshi's insight that true action is devoid of the doer-mentality (*kartṛtva-bhāva*): surrendered to the Self, divine power performs the action through you. In moments when responsibilities felt insurmountable, providence moved. Unseen well-wishers and strangers stepped forward with resources, strength, and love, dissolving hurdles like morning mist.

Recognizing that behind every confident performer stands an exceptionally patient mentor, a dedicated morning segment was reserved for the Creative Teacher Awards. Visiting dignitaries and Swasthi trustees presented citations and trophies to outstanding special educators, therapists, and trainers. These honors celebrated their pioneering adaptive methods, multi-sensory arts integration, and compassionate guidance in unlocking the latent creative potential of neurodivergent children.

This milestone was a shared spiritual offering made whole by:

- Our Divine Children: Whose courage, innocence, and untainted brilliance lit the stage (*Tat Tvam Asi*).
- Our Devoted Teachers & Therapists: Who sculpted every movement with boundless patience, turning effort into living art.
- School Managements & Partners: For their unwavering faith and steadfast institutional support.
- Patrons, Volunteers, and Well-Wishers: Whose generosity, prayers, and quiet service form the bedrock of Swasthi Foundation.

Swasthi Kala Vaibhava '26 was a profound celebration of the human spirit. May this collective grace inspire us to serve these blessed children with ever-deepening humility.

Thank you for being the living light of this sacred journey.

With humble love and gratitude,

Murugan M

Some celebrations go beyond the stage. They celebrate possibility. ✨

At the heart of Swasthi Kala Vaibhava 2026 is the vision of Mr. M. Murugan and Swasthi Foundation - a vision that believes every child deserves a space to create, express, participate and shine.

For over 12 years, Swasthi Foundation has been using the power of fine arts to nurture confidence, creativity and inclusion, while recognising the educators who make that journey possible.

It was truly a pleasure to be part of an evening that celebrated abilities, dreams and the people who believe in them. 🌻 — Meenal Negam, Singer and Yoga therapist.

Panchabhootha – A Celebration of Talent and Inclusion

It was a great honour and pleasure to host the Panchabhootha programme at Swasthi Special School.

Students from various special schools participated with great enthusiasm and joy. Centred around the theme "Panchabhootha – The Five Elements," the event provided a wonderful platform to showcase the abilities of our special children. Through dramas, skits, and fancy-dress presentations, students displayed remarkable creativity, confidence, and imagination. Their courage to perform on stage was truly inspiring, bringing immense happiness to the audience. The hard work and dedication of the students, teachers, and parents were clearly visible throughout the day, which was filled with smiles and positive energy. It was heartwarming to see children from different schools come together, beautifully demonstrating the importance of inclusion and equal opportunities.

We also had the privilege of honouring dedicated teachers with awards for their vital contribution to the development of children with special needs. Our respected Chief Guests graced the occasion, offering motivating feedback that brought great encouragement to both students and teachers. The programme reminded us that, with the right support, every child can achieve wonderful things.

I sincerely congratulate all participating schools and their students, and extend my heartfelt appreciation to every teacher, parent, and volunteer. As President of Swasthi Special School, I feel proud to witness such an inspiring celebration of talent, courage, and inclusion.

The grand cultural event of Swasthi Kala Vaibhava 2026, organized by the Swasthi Foundation on August 28, 2026, at the Bharat Scouts and Guides Auditorium in Gandhinagar, Bengaluru, stood out to me as a phenomenal win for the neurodivergent community as a whole, especially the therapists, special educators and entire team working under the visionary leadership of Mr. Murugan. This year's State level inter-special school cultural competition took a profound philosophical turn, cantering its themes on the Pancha Bhoota—the five elements of nature. The performances by the children were jaw-dropping and kept the audience spellbound. This programme demonstrated that neurodivergent children have the potential not only to match but, in many performances, to surpass neurotypical peers in excellence."

The ultimate highlight of the event for me was the highly anticipated Swasthi Creative Teacher Awards, which honoured outstanding special educators whose innovative methods, and immense patience, have paved paths for success of specially-abled students. Through Swasthi Kala Vaibhava Mr. Murugan has pioneered the use of arts dance, music, and drama not merely as recreation , but as a powerful medium of expression, awareness and therapy. Further by choosing a theme like the Pancha Bhoota for this year's cultural competition, he set a high standard that challenged schools to break conventional boundaries. This unwavering belief in their abilities is what makes his leadership so uniquely empowering.

My personal Congratulations and wishing many more years of successful Swasthi Kala Vaibhava to Mr. Murugan and his team. —Sanak Kumar Athreya, Music Therapist, Founder Director - Svarakshema Foundation.

This year's special initiative of recognising and honouring creative teachers was indeed a wonderful endeavour. It was truly heartwarming to see that all the children and teachers had a great time and thoroughly enjoyed the event. Congratulations once again to Sri Murugan and the entire Swasthi Foundation team for this meaningful and inspiring initiative. Wishing Swasthi Kala Vaibhava many more years of success and growth!

Advocating Cultural Expression and Inclusion

Organized by the Swasthi Foundation in Bengaluru, Swasthi Kala Vaibhava 2026 celebrated India's artistic diversity through the theme of Panchabhoota—the five elements: Earth, Water, Fire, Air, and Ether.

The vibrant festival brought these elements to life through dance and music, spotlighting the talents of children with special needs. Their performances challenged societal perceptions of disability, proving that art is a universal language that transcends barriers. A key highlight was the Special Teacher Recognition Award, which honored educators dedicated to nurturing these students in inclusive environments.

Beyond the stage, interactive community workshops fostered deep connections among families, caregivers, and artists. By merging cultural expression with social advocacy, Swasthi Kala Vaibhava 2026 enriched the cultural landscape and sparked vital dialogue, laying the groundwork for a more inclusive society that embraces every individual's gifts.

Best Wishes, —MINAKSHI, Chairperson - Organizing Committee Swasthi Foundation.

Swasthi Kala Vaibhava 2026

My heartfelt views on this event organised by the foundation, as a supporter in my own way.

The theme "Pancha Bhoota" was apt in my view, as these five elements are the essence of life. Various cultural events based on this theme by the God's own children were so effective and beautifully amazing. Celebrating abilities, not disabilities, and a child differently blessed is a star. The event was made possible by these children, their teachers and the organisers.

The event came alive with colour, music, dance and acting by these children supported by dedicated teachers. Almost all the event's songs, skits, drama and dance by these wonderful children were so touching and projected the theme of the event much more professionally than normal children. At the end of the day, all the children and their teachers were felicitated as star performers with certificates and mementoes- a symbol of further growth and hope for these children in society.

It's a memorable event of my lifetime, and I wish the Swasthi Foundation to grow more to help more children in the days ahead.

— Dr T M Shivalingaswamy, Former Principal Scientist, Indian Council of Agricultural Research, Bengaluru.

I am deeply honoured and grateful to receive this recognition. This award reflects the continuous trust, support, and encouragement of the Swasthi Foundation, its leadership, and management. Over two decades of delivering rehabilitation services, working with neurodivergent children has taught me the true meaning of patience, empathy, resilience, and inclusion. Every milestone a child achieves remains my greatest motivation.

I sincerely thank the organization, staff, and everyone who recognized my efforts. This appreciation inspires me to continue serving with greater dedication, empowering children, and championing inclusive education. Thank you for this honour. 🙏 — Sri Chand Pasha, Award Recipient Feedback.
